

Download 04 Mercury Outboard 115 Hp Service Manual

Covers all 2.5-350 HP, 1-4 cylinder, V6 and V8 4-stroke models. Includes Jet Drives. Outboard-Manuals; Download a service repair manual for your Suzuki outboard 4-Stroke engine for 1999 2000 2001 2002 2003 2004 2005 2006 2007 2008 2009 2010 2011 models. Newbie here!!! I bought a 90 hp 1989 mercury outboard, when running at 3/4 or full throttle, it seems too run out of gas, RPM's slow down too even idle speed. If I bring it down too idle speed engaged and run a few minutes, I can take off again and am good for 10 to 15 km, then it starts acting up again. The owner changed all the filters. I am thinking it might be the fuel pump. The service manual downloads for the above listed Yamaha, Mercury, MerCruiser Mariner, Suzuki & Johnson/Evenrude models describes the service procedures for the complete inboard, outboard, jet drive or stern drive. - 04 Mercury Outboard 115 Hp Service Manual
