

# **Download Authentic Knowing : The Convergence Of Science And Spiritual Aspiration**

Farzam Arbab ON PERSONAL EXPERIENCE. It seems to me essential that, at the outset of a research program on the theme of science, religion, and development, one should acknowledge candidly the privileged role science must play as the source of methodology. Academia.edu is a platform for academics to share research papers. I. Introduction. By "Magisterium of the Catholic Church", theology means and indicates the official teachings proclaimed by Catholic Bishops and especially by the Roman Pontiff as head of their assembly, throughout history. Encyclopedia of Science and Religion; Edited by J. Wentzel Vrede van Huyssteen James I. McCord Professor of Theology and Science, Princeton Theological Seminary - Authentic Knowing : The Convergence Of Science And Spiritual Aspiration
