

Download Cumulative Subject And Author Index Including Tables Of Contents

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner. Information for Authors. The IEEE Transactions on Magnetics is published 12 times per year.

Submitted manuscripts should be in areas of science and technology related to the basic physics of magnetism, magnetic materials, applied magnetics, and magnetic devices. Mission Statement. CIN: Computers, Informatics, Nursing serves to advance the science of nursing informatics through peer-reviewed, evidence-based, original research and information from clinical and educational settings, to promote the specialty by disseminating information about relevant professional nursing informatics activities, and to provide a resource for all involved in the ..."SafetyLit offers two complementary services: The bibliographic database that contains items beginning with reports published in the mid-17th century on the safety of farmers, mariners, and miners and continuing to the present day.
