Correspondence definition: Correspondence is the act of writing letters to someone. | Meaning, pronunciation, translations and examples For this study, we are exploring the correspondence metadata provided to us by the [Electronic Enlightenment Project] at Oxford University. The Project for American and French Research on the Treasury of the French Language (ARTFL) is a cooperative enterprise of the Laboratoire ATILF (Analyse et Traitement Informatique de la Langue Française) of the Centre National de la Recherche Scientifique (CNRS), the Division of the Humanities and Electronic Text Services (ETS) of the University of Chicago. - French Correspondence
