Making Worlds: Art and Science Fiction is an anthology of new writings by artists, curators, art historians and writers who are self-confessed science fiction fans. The linking point is the idea of science fiction as a platform for the building ofThis book draws from art history, photography and visual studies to develop an interdisciplinary, image-based approach to understanding consumer behavior. Focusing on four themes: representation, photography, images and identity, it presents aThis section is intended to provide useful information for current graduate students in the Emory Philosophy Department, though anyone is welcome to browse.Ned Block maakt een onderscheid tussen twee soorten van bewustzijn, namelijk: fenomenaal-, fenomenologisch- of P-bewustzijn (phenomenal consciousness) en toegankelijk-, functioneel- of A-bewustzijn (access consciousness of functional consciousness).Het P-bewustzijn bestaat uit subjectieve ruwe indrukken, gevoelens en belevingen, bijvoorbeeld van kleuren of geluiden. - Higher-order Theories Of Consciousness: An Anthology (advances In Consciousness Research, 56)
