Physical attractiveness is the degree to which a person's physical features are considered aesthetically pleasing or beautiful. The term often implies sexual attractiveness or desirability, but can also be distinct from either. There are many factors which influence one person's attraction to another, with physical aspects being one of them. The Geology of the Moon online course is designed for practicing teachers who want to understand more about the Moon and its history and relationship to Earth. *Procedia - Social and Behavioral Sciences* 110 (2014) 577-586. 1877-0428 ' 2014 The Authors.
