

Download Invasive Cardiology Manual For Cath Lab Personnel

A catheterization laboratory or cath lab is an examination room in a hospital or clinic with diagnostic imaging equipment used to visualize the arteries of the heart and the chambers of the heart and treat any stenosis or abnormality found. Tell us about your healthcare system and hospital. Novant Health is a not-for-profit integrated system of 14 medical centers and more than 1,500 physicians in over 500 locations, as well as numerous outpatient surgery centers, medical plazas, rehabilitation programs, diagnostic imaging centers, and community health outreach programs. As a service to CCI credential holders, CCI is providing a listing of current job opportunities submitted by organizations offering positions in the cardiovascular profession. According to Medicare Transmittal 455, 3 “Anti-markup applies when a diagnostic service payable under the Medicare Physician Fee Schedule (MPFS) is performed by one physician/supplier and billed by another physician/supplier.” The transmittal establishes that Medicare payment to the purchasing physician cannot be higher than the amount he/she paid to the organization that provided the ... - Invasive Cardiology Manual For Cath Lab Personnel
