There is a continuing debate over sea level rise, especially how much will occur in the future. The most annoying part of the news media reporting on the issue is that they imply sea level rise is all the fault of humans.. This is why the acceleration of sea level rise is what is usually debated, because sea level has been rising naturally, for at least 100 years before humans could be blamed.⁶ Identifying Opioid Use Disorder in Administrative Claims Data: Comparison of Medical Utilization by Diagnosis and Treatment Type.
