

Download Turnigy Keychain Camera Manual

The 808 is a small color video camera with audio that also takes photos. I received and reviewed my first 808 car keys micro camera (version #1) in September 2009. Dated: 29 July 2012. As part of the FPV backpack build series, here is a video that shows you how to make your own very effective Cloverleaf and Skew-Planar circularly-polarized FPV antennas for use with the backpack or other 5.8GHz video transmitters and receivers. RC radio transmitter and receiver You need 4 channels minimum but I am begging you to get one with 6 channels. Also get one that uses 2.4 GHz technology if you can. Turnigy has a 9 channel model that is actually very inexpensive, and it runs on an AVR microcontroller that you can put custom firmware on. Personally, I have a old \$25 radio that uses 75 MHz FM but I've converted it into a 2.4 GHz ... - Turnigy Keychain Camera Manual
